Wild Goose is a spacious 60ft narrowboat based on the popular hire fleet design, offering versatile accommodation and excellent potential for family cruising or liveaboard life. One owner from new, she features a bright, modern interior with white finishes, ash framing and headlining, complemented by double glazing. The REVERSE layout places the forward bedroom ahead of a shower room with a larger-than-average cubicle, pump-out WC and washbasin. A second bedroom provides two permanent single berths, which can also form a double, while the L-shaped dinette converts to further double accommodation, giving berths for up to six. A separate toilet compartment with a second pump-out WC and washbasin is particularly practical for families. The galley has attractive hardwood worktops, a 12V Shoreline fridge/freezer, gas hob and oven with grill. A bright saloon/dinette leads to the square semi-cruiser stern, with its solid steel wrap-around providing a sociable space underway. Powered by a Beta 43 diesel engine with hydraulic gearbox, Wild Goose also features a Mastervolt 2.5kW inverter/100A charger and an Alde Compact gas boiler supplying radiators and towel rail.
