The interior is finished in painted surfaces and solid oak joinery, complemented by a spacious 6ft 6in headroom throughout. The modern wet room includes a shower, cassette toilet, and washbasin. The galley is fully equipped with ample oak block worktop, an integrated sink/drain, a two-burner gas hob, oven/grill and a 12V fridge. Forward, a second saloon offers twin bench seating that converts into an additional double berth, with glazed doors opening into a cratch-covered well deck. Heating is by solid fuel stove alongside diesel blown air heating. 230V power is available from the landline or whilst out cruising, a Victron inverter/charger, with two solar panels trickle charging the batteries.
