NARROWBOAT

NARROW ESCAPE

Shell by Jonathon Wilson(?)
fit-out by Warble Narrowboats

Length: 59ft 9in
Style: Cruiser stern

Year: 1999
Engine: Beta Marine 1505 diesel

Berths: 2 + 2
Registration No: CRT 526149

WIN: GB-WARPLH66G999
Certification: BSS to 2026

Built in 1999, Narrow Escape has a quality fit-out from a multi-prize-winning builder that has, as with other Warble boats, clearly stood the test of time. Designed with a cruiser stern and cratch-covered well deck, she is built in a traditional layout comprising an aft bedroom and forward saloon. The spacious bedroom offers a comfortable cross-bed double, along with a useful vanity unit and washbasin. The shower room is fitted with a quadrant shower, pump-out toilet, and washbasin. The galley is well equipped with gas cooking, an under-counter fridge, microwave, and a practical breakfast bar dining area. The forward saloon provides flexible accommodation, with two chair beds that can be arranged as either two singles or one double. Heating is provided by an Eberspacher diesel boiler, with a solid fuel stove offering additional warmth and charm. Hot water is supplied via the boiler, engine or immersion heater. 230V power is available via shoreline connection, a Sterling 1.6kW inverter, and a small solar panel trickle charging the cabin batteries. A bow thruster is installed, but was disconnected 12 years ago, however, this could be re-instated with some work to the electric supply.

Offered for sale
through ABNB

PRICE: £58,000

NARROW ESCAPE

230V SUPPLY

230V circuit installed with landline connection

Independent onboard 230V power from batteries via Sterling 1.6kW pure sine wave inverter • A manual switch determines the 230V source

PLEASE NOTE: This is sales information and not a survey report; providing content details only. In this case we are acting as Brokers only. The specification in these pages is based on ABNB's visit to the vessel and on information given by the owner. Whilst every care has been taken in their preparation, the correctness of these particulars is not guaranteed. The particulars are intended only as a guide and they do not constitute a term of any contract. A prospective Buyer is strongly advised to check the particulars and where appropriate at their own expense to employ a qualified Marine Surveyor to carry out a survey. Life saving appliances do not form part of the inventory and it is for the buyer to ensure that they are in date and suitable for their purposes. The information here is given in good faith but no description, statement, promise of work to be done, or suggestion for future use, constitutes an offer. If the craft leaves the UK, any necessary VAT paid status may not be available.
