

NARROWBOAT

KAMILI

Shell by Tyler Wilson
fit-out by Fernwood Craft Ltd

Length: 70ft 1in
Style: Traditional

Year: 2012
Engine: Beta Marine B50S diesel

Berths: 2 + 2
Registration No: CRT 520765

WIN: GB-FER811890510
Certification: BSS to 2028

Kamili is far from your run of the mill narrowboat, showcasing the combined expertise of respected shell builder Tyler Wilson and the bespoke craftsmanship of Fernwood. A luxurious, full length boat, she offers exceptional comfort and versatility for both cruising or liveaboard life. The curvaceous, sweeping leather clad sofas at the fore, lead through to the exceptionally well equipped galley, with granite worktops, Belfast sink, washing machine, tumble dryer, dishwasher, fridge and freezer. A midships saloon provides a further dining area and make-up double berth, while the walk-thorough bathroom features a shower over bath, pump-out toilet and washbasin. The aft bedroom offers an extending double berth. Quiet cruising is assured by a cocooned 50hp Beta diesel engine, coupled to a PRM 150 hydraulic gearbox with the added benefit of a hospital-type silencer. A hydraulic bow thruster provides welcome assistance when manoeuvring. Fully equipped for comfortable life afloat, Kamili benefits from three sources of 230V power: a Cummins Onan 7kW diesel generator, Victron Quattro 24/3000/70 inverter/charger or shore power. Two solar panels help maintain the domestic batteries, with a 24V cabin electrical system completing this impressive specification.

Offered for sale through ABNB

PRICE: £89,000

KAMILI

230V SUPPLY

230V circuit installed with landline, forward & aft connection

Independent onboard 230V power from batteries via Victron Quattro 24/3000/70 **2.4kW pure sine wave inverter** /charger • An automatic switch determines the 230V source

Cummins Onan diesel **generator** 7kW at 1,500rpm, Skin tank cooled, remote panel in galley • Generator in cocoon

BATTERIES & CHARGING

Twin alternators: 12V 40A alternator charges 2 x 95Ah maintenance free engine batteries • **24V 80A alternator** charges 6 x 110Ah 12V gel cabin batteries • **Victron digital monitor** displays battery and charging details • Charging also by Victron Quattro 24/3000/70 70A inverter/ **charger** • Charging from 2 x 120W(?) **solar panels**

(Note that equivalent 12V battery bank, alternator and charger would be twice the rating of this 24V installation)

ELECTRIC FITTINGS

Lights: Tunnel light

Cabin lights: All LED

230V Denon **DAB radio & CD player & MP3 player** • 230V Sony (in saloon - has a fault, suspect it is Humax hard drive) 26in **TV** • 230V Sony (in mid-saloon) 21in **TV** • 230V Sony **DVD player** • 230V Freesat **Freeview box**

Aerials: Maxview self-seeking satellite dish • **signal booster** • **Satellite receiver**: Humax

Extractor fan in bathroom and cooker hood

PLEASE NOTE: This is sales information and not a survey report; providing content details only. In this case we are acting as Brokers only. The specification in these pages is based on ABNB's visit to the vessel and on information given by the owner. Whilst every care has been taken in their preparation, the correctness of these particulars is not guaranteed. The particulars are intended only as a guide and they do not constitute a term of any contract. A prospective Buyer is strongly advised to check the particulars and where appropriate at their own expense to employ a qualified Marine Surveyor to carry out a survey. Life saving appliances do not form part of the inventory and it is for the buyer to ensure that they are in date and suitable for their purposes. The information here is given in good faith but no description, statement, promise of work to be done, or suggestion for future use, constitutes an offer. If the craft leaves the UK, any necessary VAT paid status may not be available.
